

ACTIVE CARGO SOLUTIONS

Private Limited

Ensuring Compliance · Empowering Your Global Business

Discipline *before scale.*

Three and a half decades on, the work hasn't changed — only the scale. We still treat every shipment like the first one.

Active Cargo Solutions was incorporated in 2006. The discipline behind it began in 1988 — learning how Indian industry actually moves cargo. Every clearance we handle today is shaped by that experience. We are a family-led firm. Promises are kept. Calls are returned. The work is done properly. That is the standard.

— **MR. PRASAD AUGURI** *Founder · Active Cargo Solutions Pvt. Ltd.*

A logistics partner you can trust.

End-to-end customs clearance, freight, and inland movement — for importers and exporters who can't afford delays, duty miscalculations, or compliance surprises.

LICENSED CUSTOMS BROKER SINCE 2013 · Incorporated 2006 · ICEGATE / EDI filing · 24-hour quote turnaround

Simplifying complex supply chains for *manufacturers, traders, exporters & importers.*

Customs expertise paired with end-to-end logistics — purpose- built for importers and exporters. ACSPL handles every step from documentation through last-mile delivery.

OUR JOURNEY

Licensed & Compliant

Customs Broker license. MOOWR, EPCG, Advance Auth, and project import expertise.

End-to-End

Customs + ocean & air freight + inland transport + documentation — under one roof.

Diverse Clientele

Manufacturers, traders, and merchant exporters — across steel, engineering, cables, renewable energy, food, scrap, agri-commodities and more.

Fragmented logistics *is silently costing you* margin, time, and peace of mind.

01

Compliance Risk

Multiple vendors mean inconsistent paperwork, missed duty exemptions, and exposure to ICEGATE queries, demurrage, and detention.

02

Hidden Cost Leaks

Wrong HSN classification, missed MOOWR / EPCG benefits, and stacked broker margins quietly erode landed cost — shipment after shipment.

03

Coordination Gaps

Different teams for customs, freight, and trucking mean no single owner — and you become the project manager between them.

One partner.

Origin to destination.

We replace the patchwork of brokers, forwarders, and transporters with a single accountable team — one quote, one coordinator, one chain of custody.

ONE QUOTE · ONE COORDINATOR · ONE CHAIN OF CUSTODY

Comprehensive logistics — *tailored to your business.*

Six interlocked capabilities, delivered by one accountable team.

Customs Clearance

Brokerage and duty optimization — MOOWR, EPCG, Advance Authorization, project imports.

International Freight

Ocean & air forwarding, carrier management, route optimization, real-time milestone tracking.

Inland Transport

Road & rail logistics connecting ports, ICDs, manufacturing units.

Documentation

Invoices, packing lists, bills of lading & customs declarations, etc. — validated before filing.

Shipment Tracking

Real-time tracking, daily status updates, and proactive communication on every shipment.

Dedicated Coordination

Single point of contact through every milestone — aligning shippers, carriers, and your team.

Customs *Clearance.*

Our flagship capability. We file, classify, and clear — fast, accurate, and audit-ready.

01

ICEGATE / EDI Filing

Online filing of customs documents through ICEGATE / EDI. HSN classification, valuation, duty & tax computation.

02

Import Clearance

Bill of Entry, CAROTAR declarations. Clearances under EPCG, Advance Authorization, and MOOWR.

03

Export Clearance

Shipping Bill, Let Export Order. Drawback and RoDTEP claims processed at export.

04

Compliance & Audit Readiness

End-to-end documentation review — catching mismatches before they cost. Dossiers maintained, ready for any DGFT or customs audit.
